BACKGROUND

Give the background of the work. Text should be justified (extend to the right- hand margin) and be typed to fill the full depth of the text area. Please use a 10pt Times typeface. Do not indent the text paragraphs. The submission should not be more than 5 Mb.

EXPERIMENTAL/THEREOTICAL/REVIEW/CASE STUDY

Give the details of work done. Do not number (sub) headings.

Sub-headings. Sub-headings are typed in 10pt italic, not indented, and with the paragraph running on after a full stop.

New paragraphs are not indented, but are preceded by a line of space. The references should be indicated this way (Daims, 2001).

Formulas should be centralized and numbered on the right. For example “the cost function represents the cost of boundary flows”:

$$F = \sum c_i q_{b,i}, \quad (1)$$

where $q_{b,i}$ is a boundary flow and c_i is the price of a boundary flow.
