## ABOUT THE COURSE

This Supply Chain Management Course will be held under the aegis of MNNIT Allahabad and will be conducted for five (5) days at MNNIT Allahabad, Prayagraj, INDIA from 10<sup>th</sup> June to 14<sup>th</sup> JUNE, 2022. Faculty members from IITs, NITs, IIMs and Industry experts will deliver lectures and conduct hands on sessions during this course.

## AIMS AND SCOPE

This course on Logistics and Supply Chain Management is designed to guide the participants along the difficult terrain of Supply Chain Management and Logistics to support their exploration and learning of the various theories of logistics, management of the flow of goods, movement and storage of raw materials, work-in-process inventory, and finished goods from point of origin to point of consumption. The course will explore different introductory aspects like optimal design of supply chain, good vendor selection policy, reverse logistics, risk management issues, etc, as applicable to supply chain management. The stress in this course will be, to enhance problem solving abilities which have useful practical applications, to different groups of participants, namely people from academia and those from logistics and related industries, etc. The instructors of the course are reputed faculty members, who along with able resource persons from academia and industry will deliver the materials through class lectures, up to date course materials, and hands on tutorials.

## WHO CAN ATTEND THIS COURSE

This course is specifically meant for dynamic professionals from industry, academically oriented post graduate and doctoral students, business faculty members who are working in the area of logistics, supply chain management, reverse

logistics and have an aptitude and interests in areas like, logistics, procurement, supplier/vendor selection, etc. People in academia and industry or anyone keen to gain in-depth knowledge as well as understand the practicality of supply chain management in our day to day affairs are strongly encouraged to apply for this exclusive and unique course. With an excellent blend of theory as well as practical examples and a comprehensive course curriculum, this course will undoubtedly be a very good learning experience for the participants. The course built on the expertise of highly distinguished faculty members as well as other stalwarts from academia and industry, is an excellent opportunity for a superior learning experience.

## ABOUT THE INSTITUTE

Conforming to its motto 'SIDDHIRBHAWATI KARMAJA' Motilal Nehru National Institute of Technology Allahabad is churning out engineers, entrepreneurs and social scientists of sterling worth. Today MNNIT stands as an epitome of excellence, knowledge and achievements. The foundation stone of the Institute was laid by Late Pd. Jawaharlal Nehru, the first Prime Minister of India on May 3, 1961 and inaugurated by Late Shri Lal Bahadur Shastri, the second Prime Minister of India on April 18, 1965. Situated at the confluence of three mighty Indian rivers: Ganga, Yamuna and Saraswati, MNNIT boasts of a rich and diverse cross-cultural environment with students coming from across the national and around the globe for various undergraduate, post graduate and doctoral programmes. The Institute's lush green campus spreads over 222 acres with the development of an impressive infrastructure.

## ABOUT THE DEPARTMENT

The Department of Mechanical Engineering is one of the oldest departments of the Institute. It offers several programmes that include: four-year full time Bachelor of Technology (B.Tech.) in two disciplines i.e. Mechanical Engineering and Production and Industrial Engineering, two-year full time / three-year part time Master of Technology (M.Tech.) in five disciplines i.e. Production, Design, Computer Aided Design/Manufacturing, Product Design and Development and Thermal Engineering along with the Ph.D. programme. Till date more than 150 PhD thesis have been successfully awarded in the department.
