About the Institute

Conforming to its motto 'SIDDHIRBHAWATI KARMAJA' Motilal Nehru National Institute of Technology Allahabad is churning out engineers, entrepreneurs and social scientists of sterling worth. Today MNNIT stands as an epitome of excellence, knowledge and achievements. The foundation stone of the Institute was laid by Late Pd. Jawaharlal Nehru, the first Prime Minister of India on May 3, 1961 and inaugurated by Late Shri Lal Bahadur Shastri, the second Prime Minister of India on April 18, 1965. Situated at the confluence of three mighty Indian rivers: Ganga, Yamuna and Saraswati, MNNIT boasts of a rich and diverse cross-cultural environment with students coming from across the national and around the globe for various undergraduate, post graduate and doctoral programmes. The Institute's lush green campus spreads over 222 acres with the development of an impressive infrastructure.

About the Department

The Department of Mechanical Engineering is one of the oldest and the largest department in terms of faculty, students and activities in various directions in MNNIT Allahabad, Prayagraj. The department offers a Bachelor of Technology programme in the area of Mechanical Engineering and also offers four semester Master of Technology programmes in Mechanical Engineering with the specialization of Design Engineering, Production Engineering, and Thermal Engineering. Department also have significant number of PhD students who are working in different areas of Mechanical and Interdisciplinary domain.

About the City

Prayagraj (Erstwhile Allahabad) is well known throughout the country for its purity and cleanliness that the city has maintained for many years. It's a holy and religious place and the meeting point of three most pious rivers namely Ganga, Yamuna and invisible Saraswati.
